Our Corporate Philosophy

Our Mission

“To go beyond the ordinary, to deliver value by equipping individuals and organizations with innovative knowledge solutions”

Our Vision

“To be a world-class, innovation-led and technology-driven knowledge organization”

Our Core Values

Service, Excellence, Agility, Teamwork and Innovation (SEATI)

Who We Are

FITC was established in 1981 as a Limited by Guarantee not-for-profit professional services organisation, based on the Company's Act of 1968.

It was created in response to the recommendations of the Pius Okigbo Committee, which was set up by the Federal Government of Nigeria in 1976, to review the Nigerian financial system.

FITC's Institutional Members are members of the Nigerian Banker's Committee, comprises the Central Bank of Nigeria, the Nigeria Deposit Insurance Corporation and all licensed banks in Nigeria.

FITC Learning Solutions

FITC Learning provides world-class knowledge-based interventions to the financial services sector and other sectors of the economy. We have over 40 years of experience in designing and delivering outcome-based interventions to discerning clients, recording over 75,000 participants on all programmes from the inception to date.

Through our innovation mind set, robust market insight and a world-class approach to programme design thinking, we have redesigned all our learning solutions by infusing programme curriculum and content with more relevant contents that address the future of work and the future need of businesses.

Our re-fined programmes are designed to equip the workforce to cope better with new realities, demands and expectations of their organization. To deliver borderless learning with enhanced knowledge content, FITC has re-fined its Learning Solution, by offering Digital Learning, Onsite Learning, Tailored Learning Solutions, Board Leadership Programmes, Executive Education Programmes and Global Learning and Certification programmes.

Why choose FITC?

- **Cost- Effectiveness:** Our tailored learning solution offer reduced unit cost per participant.
- **Flexibility:** Delivered based on client's preferred platforms, schedule and needs assessment
- **Relevance:** Addresses identified competencies gap and burning issues from Training Need Analysis (TNA).
- **Team Bonding:** We proffer platform for collaborative learning among coworkers.

Global Learning

As a global provider of learning solutions, FITC Global Learning programmes are designed and delivered in partnership with global institutions to upskill professionals and senior management with requisite knowledge required to progress in their career path and thrive in their organisations. FITC Global learning has on board world-class subject matter experts to facilitate its array of training programmes.

The FITC Global programmes are offered in the most prime locations in the world, chosen to ensure easy accessibility and tourism experience for the participants.

Our venues are sited in the capital city or major city of interest in the region. Each of the venues we use is chosen as a distinct place of interest, with excellent service experience to make your time with us even more enjoyable.

Our global learning programmes are structured as work-based learning programme to address real-life work skills gaps to gain technical skills that impart on the job.

Field Visits & Experiential Learning:

To complement classroom training on our global learning programmes, FITC organises field visits and engagement sessions that usually provide hands-on exposure, practical insights, and application of the course focus area in real-world settings.

Tailored Learning

FITC Learning designs customised learning solutions for both financial and non-financial organisations in Nigeria and sub-Saharan Africa. The tailored learning courses are designed to address individual organisations' learning ambitions, goals, and objectives by providing tailored and contextualised learning programmes. FITC Tailored Learning Solutions (FITC TLS) provides flexible and personalised learning solution across industries and business sectors.

Our strength lies in working with our clients to identify their needs and define their requirements and provide tailored blended innovative solutions to address the learning needs. Also, our tailored learning solution provides flexibility on the training date and location to suit your preference. With the flexibility of tailored learning programmes, there is enough room to accommodate special needs such as when and where you want to be trained.

Digital Learning

Learning has continuously become borderless and more accessible because of increase in technology advancement, acceptance, and adoption across the universe. In line with global transformation, FITC has created Industry relevant Digital Learning Solutions for its stakeholders for the year 2025.

FITC 2025 Digital Learning Solutions focus on distinct learning programmes that are designed to develop, equip, and sharpen the skills set of the workforce across different cadres within organisations. FITC Digital Learning comes with the convenience and flexibility to learn regardless of participants location.

Our Platform: FITC Digital Learning solution uses different learning platforms that are user-friendly, convenient, interactive in engaging it participants. The platforms are embedded with highly interactive features such as an illustrative guide, pictures, notes, evaluations etc. To ensure a high level of engagement and interaction among the participants.

Our Faculty: The FITC Digital Faculty are carefully selected from across the globe with local and international prowess to deliver optimal skill and knowledge transfer to participants. They come with wealth of industry experience, proven track records of excellence and high competencies in their various fields of endeavors. They are personalities who have acquired local, national, and international relevance across various industries.

Open Learning

FITC Open Learning consists of over One hundred and fifteen (115) knowledge-enriched programmes targeted at supervisors, middle and senior level managers in different sectors of the economy, which include public, private, financial, and non-financial services sectors.

We deliver on the premise training to facilitate face to face interaction between facilitators and participants, as well as among the participants to ensure learning are engaging, interactive and highly impactful. Our onsite training promotes social engineering and business networking.

We are currently in the heart of Lagos, where learning takes place in our modern learning and very conducive atmosphere. It is worthy to note that all our open learning programmes could also be delivered as hybrid sessions.

SUPPORT SERVICES

Hotel Reservations: Should you require hotel accommodation for the duration of the training programme, you will be provided with a list of hotels where you can make your reservations.

Crèche & First Aid: Registered nurses oversee the well-equipped crèche that is available to participants with babies aged between 3 months and 24 months.

FITC Academies

As part of our strategic commitment to talent development and industry relevance, FITC institutionalized a suite of specialized Academy Programmes aimed at strengthening functional competencies across critical verticals of the financial services sector. The Academies are; Risk, Credit, Compliance, Trade & Treasury, and Retail. These Academies are designed to drive mastery, performance, and innovation within the ecosystem, and they are structured in such a way that it addresses the needs of all talent levels in the financial services sector, from the entry-level to the Board level.

Risk Academy

The Risk Academy provides structured, practical, and thought-leadership-driven learning experiences to enhance the capacity of risk professionals. It equips participants with tools to identify, measure, manage, and mitigate enterprise-wide risks in an increasingly volatile and regulated environment.

Core Focus Areas:

Enterprise Risk Management | Operational & Market Risk | Cyber & Compliance Risk | Liquidity & Credit Risk | Basel Frameworks and ICAAP | Risk Governance & Internal Controls | Climate and ESG Risk Integration

Credit Academy

Our Credit Academy is tailored to build end-to-end expertise in credit origination, risk assessment, structuring, monitoring, and recovery. The programme ensures alignment with global credit standards and regulatory expectations while embedding credit culture and discipline.

Core Focus Areas:

Credit Analysis and Appraisal | SME & Retail Lending | Loan Structuring and Syndication | Problem Loan Management | Credit Risk Modelling

Compliance Academy

The Compliance Academy is designed to future-proof financial institutions against regulatory breaches by developing highly skilled compliance officers. The curriculum integrates global regulatory trends with local compliance requirements and ethics.

Core Focus Areas:

AML/CFT/CPF & Sanctions Compliance | Regulatory Reporting and Advisory | Financial Crime Compliance Management | Regulatory Compliance in FinTechs | Ethics, Conduct & Governance | Data Protection & Privacy Laws | Risk-Based Compliance Frameworks

Trade & Treasury Academy

This Academy bridges capacity gaps in global trade operations and treasury management, empowering participants with deep insights into liquidity, currency markets, and trade finance instruments, thus fostering enhanced profitability and operational efficiency.

Core Focus Areas:

Global Trade & Documentary Credits | Treasury Operations & Liquidity Management | Foreign Exchange & Money Markets | Trade-based Money Laundering (TBML) Mitigation | Cash Flow & Asset-Liability Management

Retail Academy

The Retail Academy focuses on strengthening customer-facing competencies, sales strategies, and digital adoption in retail banking. It supports growth in customer acquisition, product innovation, and service excellence across channels.

Core Focus Areas:

Customer Acquisition & Relationship Management | Retail Product Knowledge & Pricing | Sales Excellence & Digital Engagement | Financial Inclusion & Literacy | Customer Experience and Journey Optimization

Strategic Impact

These Academies collectively support FITCs ambition to be a premier hub for talent development in the financial services sector. They serve as pipelines for future leaders, incubators for critical capabilities, and platforms for regulatory alignment and innovation.

We continue to review and refine these academies in response to emerging trends, ensuring our learning pathways remain dynamic, responsive, and results driven.

Risk	22nd June	10th August	9th November
Compliance	20th April	6th July	19th October
Trade & Treasury	11th May	3rd August	2nd November

Please note that our fees are subject to an upward review during the calendar year, depending on the prevailing economic circumstances

FITC Future of Work Academy (FOWA)

FITC Future of Work Academy (FITC FOWA) is an integral part of FITC's initiatives with the primary objective of preparing and empowering young individuals from diverse backgrounds for the evolving employment landscape. Our aim is to equip them with the necessary practical skills and knowledge essential for the future of work, thereby contributing to the growth and development of Africa's economy.

With technology transforming the workplace and creating new opportunities, it is essential that young people have access to training that prepares them for the future of work. The FITC FOWA initiative is also aimed at providing our clients and stakeholders with a pool of skilled talents who are well equipped with the relevant skills for the Future of Work.

The Academy programmes can be delivered to organizations as tailored programmes.

Below are our FOWA Schools and Focus Areas

Board Leadership Programmes

The Board Leadership Programmes are FITC's flagship global programmes for board members & directors in both finance and non-finance organisations, in Sub-Saharan African Countries. They are highly innovative and strategic capacity development programmes, poised to provide cutting-edge knowledge solutions and core skills required for top-level decision making and leadership, leveraging high-valued technological tools and best-in-class human resources, to sharpen board leadership capacities and equip directors with the requisite skills, knowledge and capabilities, imperative for efficient oversight and performance, and to ensure organizational success and sustainable value creation.

Our Faculty Heights and Programme Shape

FITC draws its faculty from highly experienced subject Matter Experts, both locally and internationally, who provide in-depth analysis and insights on subject areas, as well as practical experiences and huge knowledge garnered over years of working and practices. We partner with the industry experts and global leading organisations to deliver premium virtual and in-person experiential learning programmes, aimed at deepening knowledge and capacities of top leaderships, across finance and non-finance sectors, globally.

Executive Education Programmes

The Executive Education Programmes are innovative training offerings centred at developing leaders and builders of enterprises, who create strategic team leaderships and excellent competencies for their forward-thinking organisations. They are global programmes aimed at meeting the professional development goals of the entire leadership team from high potential managers primed for career advancement to seasoned C-suite executives seeking new insight into today's complex challenges. Our methodology ensures that participants gain insights and extremely useful knowledge through experiential adult-learning processes, case-studies, simulations, role-plays and intensive group-work.

Our Faculty Heights and Programme Shape

As you know, FITC draws its faculty members from highly experienced subject Matter Experts(SMEs), both locally and internationally, who provide in-depth analysis and insights on subject areas, as well as practical experiences and huge knowledge garnered over years of

working and practices. As an organisation that goes beyond the ordinary in providing innovative learning solutions, FITC's Executive Education Programme always presents a unique research-based calendar of activities and world-class SMEs, for very impactful programme delivery and evaluations.

Strategic Partnership Programmes

Strategic Partnership Programmes are the special intervention tailored training offerings designed to create links and build networks that allows us to provide innovative solutions for our clients. Our Strategic Partnerships portfolio adopts a proactive and innovative approach to cross-industry collaboration between FITC and its partners by co-creating intervention programmes that are centred on customer experience and responsive to customers' needs.

Over four decades, FITC has collaborated with highly responsive global organizations across different industries to deliver tailored executive interventions, and builds strategic partnerships with entities. This collaborative approach fosters innovative solutions that respond to client needs while enhancing customer experience.

Thought Leadership Conferences

Objective: To provide a premier platform for executives, subject-matter experts, and thought leaders to engage in high-level dialogue, share insights, and propose forward-looking solutions to critical economic, business, and societal issues, serving as knowledge hubs for shaping the future of work, sustainability, technology, and risk management within and beyond the financial services sector.

	Thought Leadership Conference/Summit	Date	Duration	Delivery Method	Focus
1.	FITC Pension Investment Summit	26th February 2026	1 Day	Hybrid	The FITC Pension Investment Summit is a high-level summit for pension operators, regulators, and investment professionals to discuss portfolio diversification, risk-adjusted returns, infrastructure financing, and innovations shaping Nigeria's pension industry.
2.	FITC Employee Engagement & Experience (E3) Conference	18th March 2026	1 Day	Hybrid	The FITC Employee Engagement & Experience (E3) conference is a flagship Talent Management Conference convening leading experts and HR innovators to address evolving dynamics in employee engagement, workplace culture, and talent retention, thereby generating actionable insights on building resilient, inclusive, and high-performing organizations in today's competitive environment.
3.	FITC Sustainability ESG Conference	14th May 2026	1 Day	Hybrid	The FITC Sustainability ESG conference is a premier forum for ESG practitioners, policymakers, regulators, and business leaders to discuss strategies for accelerating sustainability and ESG adoption across Nigeria and Africa; spotlighting global trends, regulatory imperatives, financing sustainability, and practical pathways for embedding ESG into core business strategies.
4.	FITC TechNnovation Conference (FinTech Conference)	25th June 2026	1 Day	Hybrid	The FITC TechNnovation (FINTECH) Conference is an innovation-driven conference exploring the future of financial technology, with discussions on regulatory frameworks, inclusive finance, digital transformation, and disruptive technologies shaping Nigeria's FinTech ecosystem and positioning Nigeria's financial services sector for global competitiveness.
5.	FITC ThinkNnovation Conference (Cybersecurity Conference)	21st October 2026	1 Day	Hybrid	This FITC ThinkNnovation (Cybersecurity) Conference convenes global and local experts in information and cyber risk management to address emerging threats, strengthen institutional defenses, and foster collaboration across industries, focusing on AI-powered cyber threats, data protection, resilience frameworks, and innovative solutions for safeguarding digital trust.
6.	FITC Risk Management Roundtable	20th November 2026	1 Day	Hybrid	The FITC Risk Management Roundtable is an executive forum designed to foster peer-to-peer engagement among risk leaders across financial services, spotlighting emerging risks, fraud trends, resilience strategies, and forward-looking frameworks for strengthening institutional risk management.
